

# IMI Critical Engineering Anti-Corruption Compliance Certification

Within the context of this certification the term "Supplier" is meant to include any party that supplies goods or services to IMI Critical Engineering.

The Supplier, INSTITUTE OF SPRING TECHNOLOGY has reviewed, understands and will comply with the terms of this certification with regards to any business conducted or payments transferred to third-parties on IMI Critical Engineering's behalf.

The Supplier understands that it is prohibited from making, offering to make, agreeing to make, or authorizing any corrupt or improper payment, loan, donation or gift of money or anything else of value, directly or indirectly, on behalf of IMI Critical Engineering to or for the benefit of any government official, which includes: (i) any officer or employee, whether paid or unpaid, of a government, or any department or agency thereof; a state-owned or controlled enterprise; or a public international organization; (ii) members of royal families; (iii) any political party or party official or candidate for public or political office; or (iv) any person acting in an official capacity on behalf of any of the foregoing, whether paid or unpaid.

The Supplier certifies that it will conduct business in compliance with the above, and if it should learn of any information regarding any such violation, it will immediately advise the IMI Critical Engineering Legal & Compliance Team of such knowledge or suspicion.

The Supplier also certifies that it has read and understands IMI's Code of Conduct (attached) and understands that it is IMI Critical Engineering's policy to conduct business only with vendors that conform to the highest ethical standards and comply with applicable anti-bribery and anti-corruption laws.
